Alexandria, VA 22313-1450

Dear Sir:

Upon review of USPTO.gov and several conversations with the USPTO, Applicant has determined that the Response to Response to Request for Corrected Filing Receipt sent via facsimile in the above-referenced patent application on February 25, 2005 has not been made of record.

Accordingly, copies of the relevant documents are hereby resubmitted. A Response to Request for Corrected Filing Receipt was mailed from the USPTO on January 26, 2005 requesting a copy of the Express Mail Label. This was responded to on February 25, 2005 with the requested documentation. The attached fax confirmation provides evidence of receipt of the February 25, 2005 correspondence by the USPTO.

In light of the fact that the corrected Filing Receipt is required by several foreign countries to complete national phase filing and it has now been nearly five months since the Request was perfected, Applicant's representative respectfully requests expedited handling of the Request for Corrected Filing Receipt.

Please direct any questions to the undersigned at (732) 524-3982.

Respectfully submitted,

Susan Lehnhardt
